Thanks to Jameer genes or his kids would have been coming out looking like bulldogs. Jameer is a fine looking man and you need a fine looking women on his arm, not a women looking like a man. He need to put some of that 1.5 million he gets to getting her a face lift." – on Jameer Nelson's wife

## Last Encounter

04/28/08 ORL 102 TOR 92

No one needs reminding of Game 5, or the "Final Dagger". An uninspired Raptors team played like they'd already been defeated, allowing Howard to post a monster 21/21/3blks as Tiger Woods laughed from his courtside seats.

## Fun Facts

In his native Turkey, Hedo Turkoglu has a Burger King menu named after him.

Dwight Howard could kill you with his bare hands.

Rashard Lewis' mother named him after Ahmad Rashad. Spelling is not her strong suit.

**The Raptors are better because...**

...we finally found a team with worse backup PG's than ours.
